May 9, 2016 Agenda Item: #9a

Donation Request – Milk River Curling Club

Background:

The Milk River Curling Club has asked to continue with paying for the utilities on the curling rink to assist the club with running the facility. This request has already been included in the 2016 Operating Budget that is being presented to Council with item 9b in the May 2016 agenda. What would council like to do?

Options (administrative recommendation marked with "x"):

#1 – Provide administration with further direction with an approach Council would like to take.

Donation Request Letter

Dear Town of Milk River

I am writing this letter on behalf of the Milk River Curling Club. We are still working on upgrading a few last problems with the rink. This year we would like to put in a reverse osmosis system for flooding the rink. At this time we are sending canisters to Saskatchewan to be regenerated. This is costing us \$1000.00 every year and is getting harder to do every year as this method is out dated. We are the last rink around still using this method. The RO system is \$8500.00 and we are able to do this with our casino money if we can get help with our utilities again from the town. We are asking you to cover our utilities for the next three years so we will be able to finish this project and a few more. With our utilities being covered the last three years we have made some real headway in upgrading our facility and were able to pull in an extra 6 teams for our mixed bonspiel and run a men's bonspiel which had not happened in years. Thank you for taking the time to consider our proposal.

Sincerely

Steven Sibley

2016 Budget Highlights and Changes from the Interim Budget

- 1. Significant Operational Expense Item Changes:
 - \$15,000 added for Town Hall Energy Efficiency Upgrades
 - Increases to reserves
 - o \$20,000 additional to Fire Capital
 - o \$7,500 additional for Operational Reserves
- 2. Capital Budget Changes
 - Increased budget to garbage truck purchase from \$280,000 to \$295,000 due to attempting to purchase a fully automated cart being that Coutts, Warner and will all have bins for the entire community
 - MSI Capital allocations to projects has changed
 - o \$18,280 now to garbage truck (interim was \$0)
 - o \$15,819 now to garbage bins (interim was \$28,500)
- 3. The assessment increased slightly, which assisted with keeping the tax increase low.
- 4. The education requisition decreased, when I had budgeted for an increase with the interim budget.
- 5. The Seniors requisition decreased, when I had budgeted for an increase with the interim budget.
- 6. Insurance rates decreased, when I had budgeted for an increase with the interim budget.
- 7. The MSI Operating grant increase from an expected \$55,020 to \$89,327
- 8. The estimated average tax increase with the 2016 Interim Budget, included an average of 2.46% increase to residential tax payers and an average of 2.77% to commercial tax payers. This proposed final 2015 budget includes an average of 1% tax increase for residential tax payers and an average of 1% increase for commercial tax payers.
- 9. Municipal Sustainability Initiative Operating increased slightly and the Capital grant decreased based on last year. This could change with the recent change in Provincial government.

OCTOBER 2015

STATEMENT OF SUPPORT FOR A WELLNESS FOUNDATION IN ALBERTA

Wellness Alberta brings together thousands of individuals including business, health and recreational leaders and non-governmental organizations who support a meaningful investment in the prevention of disease and injuries. Through a sustainable investment in a provincial wellness foundation, Albertans will benefit from improved health outcomes and reduced demands on health care, which will greatly enrich the quality of life for current and future generations.

We, the undersigned, support the efforts of Wellness Alberta and believe the Alberta Government should establish a Wellness Foundation in Alberta, which is:

- ✓ Well-financed (initial investment of \$50 million annually, increasing over 3 to 5 years to an amount equivalent to at least 1 percent of the health care budget or \$190 million annually),
- ✓ Sustained and protected by legislation, and
- ✓ Functions independent of the acute health care system to maintain financial autonomy, accountability and transparency.

Overview: Wellness Foundation Policy Recommendations

Wellness Alberta is very concerned about the chronic disease epidemic in Alberta. Chronic disease is the leading cause of death and disability in Alberta and it has a major impact on the physical, mental and economic health of all residents. The good news is that

Wellness Alberta Recommends:

- Establish a Wellness Foundation to transform the health and quality of life of all Albertans.
- The Wellness Foundation must be well-financed, sustainable and operate independently of the health care system.
- The Wellness Foundation must focus on primary prevention to address major modifiable risk factors for chronic disease.

over 40% of these diseases can be prevented by taking action to reduce risk factors including tobacco and alcohol use, poor nutrition and physical inactivity.

Protecting mental health by preventing adverse childhood experiences and reducing risk for injury and disability is also crucial to preventing chronic disease. Unfortunately, the Alberta Government is spending more than ever before on acute health care, with the majority (over 90%) spent on treating and managing preventable disease and disability.

Wellness Alberta believes Alberta needs to make new, long-term and sustainable investments in preventing disease and promoting health to reduce the burden on our health care system and improve our quality of life. Alberta needs a Wellness Foundation.

To maximize the impact on the physical, mental and economic health of Albertans, the Wellness Foundation must be **well-financed**, **sustainable** and **independently** of the health care system. The Foundation will **focus on primary prevention** initiatives to **address six major modifiable risk factors** including physical inactivity, unhealthy eating, tobacco use, alcohol misuse, adverse childhood experiences and injury.

- We recommend that the Foundation be announced in March 2016 and initiate operations in October 2016.
- We propose the Foundation be initially financed through an annual grant of \$50 million, increasing to at least \$190 million annually (representing an amount equivalent to at least 1% of the Alberta Health budget) over a 3 to 5 year period.
- The Foundation funding must be new investments that are in addition to Government's current overall investment in prevention and health promotion and must not be reallocated out of existing health budgets.
- New investments can be derived from the Alberta Government's general revenue fund or by the creation of a "Wellness Levy" funded by modest mark-ups on alcohol, tobacco, or sugar-sweetened beverages.
- Stable, long-term funding dedicated to prevention and health promotion is a good value for money: a one dollar investment can be expected to result in a minimum \$4-5 cost savings in future acute health care expenditures. Some large scale interventions have been shown to produce a return-of-investment of up to 50:1.
- The Foundation will ensure new investments are directed to evidence-based strategies and sustained over the long-term to improve the health of Albertans and reduce the burden of chronic disease and disability on our health care system.
- The Foundation must function independently of the acute health care system to maintain financial autonomy, accountability and transparency.
- The Foundation should be created by an Act of the Legislative Assembly and report directly to the Assembly each year.
- The Foundation should be governed by an independent board comprised of key stakeholders that are selected by an all-party committee of the Legislative Assembly.

For more information about what a *Wellness Foundation* could do to promote and protect the wellness of children, adults, families and communities in Alberta, please see our website www.wellnessalberta.ca.

1. APPROVAL OF AGENDA

Moved by: Barry Johnson

THAT the Executive Committee approve the agenda, as presented.

CARRIED

2. APPROVAL OF MINUTES

Moved by: Don Anderberg

3. BUSINESS ARISING FROM THE MINUTES

None.

4. NEW BUSINESS

(a) Member Questionnaire for Retreat

• The Director presented a draft version of a questionnaire for the upcoming Retreat and requested input from the Executive Committee. Suggestions for the questionnaire included adding a chart with membership fees for each municipality and adding a question of where the members would like to see the organization in 5 years. Some valuable information to get back from this questionnaire would be to identify strengths and weaknesses of the organization, to identify ideal staffing levels and whether or not to expand membership in the future. A suggestion was brought forward that this could be an opportunity to engage the council representatives and hold a facilitated meeting. The council representatives would then be able to take the questionnaires back to their individual councils with an update.

Moved by: Don Anderberg

THAT the Director amend the questionnaire as discussed and present it at the next Board of Directors' meeting.

CARRIED

(b) Wetlands Policy Workshop - March 3, 2016

• The Wetlands Policy Workshop being held on March 3, 2016 is starting to fill up. Committee members were reminded to bring the workshop forward to their municipalities. If there are any spots still open closer to the workshop, the invitation may be extended to non-members. Jay White, who will be presenting the workshop will also be making a brief presentation at the Board of Directors' meeting that night.

Moved by: Tom Rose

THAT the Executive Committee receive the Wetland Policy Workshop Update, as information.

CARRIED

(c) GIS Ministerial Approval for Ghost Lake and Waiparous

 A letter was received from Alberta Municipal Affairs allowing ORRSC to provide GIS Services to the summer villages of Ghost Lake and Waiparous. Discussion followed on how useful the committee members feel the GIS program is and suggested offering some training to member municipalities on how to use it and all of the features that are available including the option of adding public works information.

Moved by: Jim Bester

THAT the Executive Committee receive the GIS Ministerial Approval for Ghost Lake and Waiparous, for information.

CARRIED

(d) Alberta Flood Mapping Request - Draft Letter

 Currently, the Alberta Flood Mapping for a number of areas in Southern Alberta is using outdated 1992 information. A draft letter was presented to the Executive Committee requesting an update on the status of the Flood Hazard Identification Program and requesting new mapping for some of the rivers and creeks in Southern Alberta.

Moved by: Don Anderberg

THAT the Director submit the Alberta Flood Mapping Request letter to the Minister of Municipal Affairs and the Minister of Environment & Parks, incorporating the amendments as discussed.

CARRIED

(e) CPA Conference – May 2-4, 2016

The CPA Annual Planning Conference will be held in Red Deer this year from May 2 4. The
theme for the conference is Planning vs. Economic Growth: How do we bridge the gap?
ORRSC will sponsor up to three committee members to attend the conference and it was
noted that it's best to register as soon as possible. Gordon and Jim expressed interest in the
conference and this will be further discussed at the meeting in March.

(f) Provincial Funding Request Update

 The Director provided an update on the provincial funding request. At the end of January, Lenze and Mike travelled to Red Deer and met with other planning agencies who will be lobbying for provincial funding. They had requested additional information including budgets for the last five years and the information has now been provided. The lobbyist will be meeting with the Minister on February 19, 2016 and a further update will be provided at the March Board meeting.

Moved by: Henry Van Hierden

THAT the Executive Committee receive the Provincial Funding Request Update, as information.

CARRIED

(g) Planning Position Update

The job posting for the Planner position has now closed and 38 applications were submitted.
 A short list of potential candidates has been created and the applicants will be contacted for interviews shortly.

Moved by: Tom Rose

THAT the Executive Committee receive the Planning Position Update, as information.

CARRIED

(h) Fee For Service Update

• The updated Fee For Service table was reviewed.

Moved by: Barry Johnson

THAT the Executive Committee receive the Fee For Service Update, as information.

TRI COMMUNITY PANTRY

Our Pantry started in Sep 2015 to serve the County Of Warner. We are presently located in the basement of St Paul's United Church, Milk River. Our store is run strictly by volunteers. At the time of start up we had four (4) families requiring food hampers. Today we have approximately 19 families in need of food. This is due to the down turn of the country's economy. And as the economy gets worse we expect to see more and more families in need.

We are a non-profit organization under the guidance of St Paul's Charity. At present we obtain funds from the Thrift Store to help buy food and we also receive donations from the generosity of people such as you.

We are asking for a small donation, or what ever can be afforded to help us operate the Pantry and serve the Community.

Personal donations can be made to TRI COMMUNITY PANTRY. If requested a tax receipt will be issued from St Paul's Church Registered Charity.

Thanking you in Advance
